

Fact or Myth? Aspirin for Primary Prevention

Continuing Pharmacy Education Activity

When May 20, 2020 - 4:30pm - 5:30pm

Where Valley Health/Winchester Medical Center
Winchester, VA
<https://zoom.us/j/8461352508>

Itinerary See following page

Educational Goals

- Ensure correct decision making in those patient populations in which aspirin for primary prevention is not recommended

Learning Objectives At the end of this activity, the pharmacist will be able to:

- Understand the mechanism of action of aspirin in primary prevention
- Understand the mechanism of bleeding risk associated with aspirin
- Discuss the ASCEND, ARRIVE, and ASPREE trials and their findings
- Recognize the patient populations in which aspirin for primary prevention is not recommended
